

GN010-SBH
Adhesive Console
Mount Pedestal
with 3M Adhesive
Backing

Adhesive
Backing

Package Contents:

- (1) GN010-SBH - Console mount pedestal with 3M adhesive backing
- (1) Alcohol cleaning pad

No Tools Required for installation.

 Do not place mount in or near an air bag deployment zone or where it will obstruct view of the road.

Compatible with:

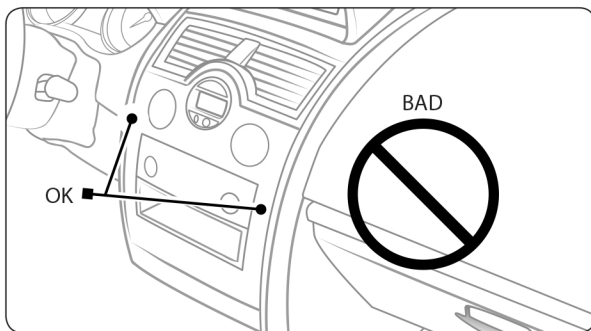

- All Arkon dual T-tab pattern phone holders and adapter plates
- Most Garmin 17mm ball connections. (See arkon.com for full list.)

Dashboard Mount Installation

Step 1. Find a safe location on the vehicle dashboard that is not in an air bag deployment zone.

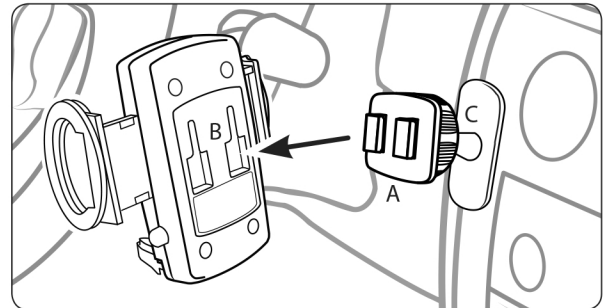

Step 2. Find a flat place on the dashboard or console to attach the adhesive mount. Arkon *strongly recommends* the mount be attached to a flat, vertical surface so that the holder can be positioned at an optimal viewing angle.

Step 3. Clean the area with the included alcohol pad and let dry. Remove the adhesive backing on the back of the mount. Press and hold the adhesive mount on the dashboard or console surface for about a minute. **Important:** Allow 24 hrs. to cure to the dashboard at room temperature (72° F) before applying any pressure.

Connect a Dual-T Phone Holder or GPS Adapter Plate (not included) to Pedestal

Step 1. Attach any Arkon dual-T phone holder or GPS adapter plate (not included, sold separately) by inserting the dual T-tabs (A) into the dual T-slots (B) on the back of the device or holder. Adjust the angle and rotation of the head by tightening the swivel-tightening ring (C).

Safety Precautions

Follow all manufacturer safety guidelines for operating your device. Failure to practice safe usage of GPS device while driving may result in damage, injury, or death. Do not install Arkon products over an air bag cover or within the air bag deployment zone.

Arkon is not responsible for any damages caused to your car, your device, or yourself due to the installation or use of this pedestal mount.
