

GN014

AP013

XACP

Includes:

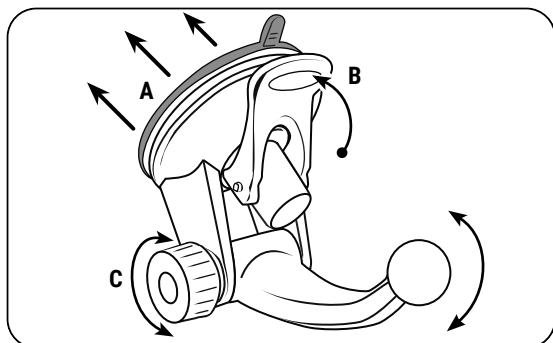

- 1 - Mini Windshield Suction Mount (GN014)
- 1 - Self-Adhesive Dashboard Mounting Disk (AP013)
- 1 - Alcohol Pad (XACP)

⚠ Do not place mount in or near an air bag deployment zone or where it will obstruct view of the road.

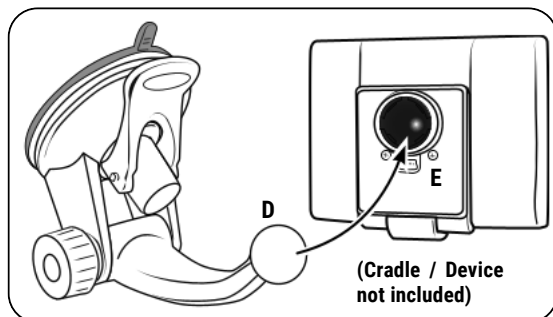

⚠ Adhesive disk is intended for semi-permanent installation and one-time application.

Windshield Mounting Option

- 1** **Mounting the Pedestal on Your Vehicle's Windshield**
To securely mount the pedestal, choose a safe spot on the interior of the windshield. Press the suction base (A) against the glass firmly, then flip the base lever down (B) to lock it in place. Adjust the angle of the pedestal arm by using the angle adjustment knob (C) located at the base. Tighten it to the preferred angle. Refer to the diagram below for guidance.

- 2** **Attaching Your Garmin Device to the 17mm Ball Head**
Please note that the Garmin device is not included and must be purchased separately. To attach your device, firmly insert the ball head (D) into the cavity (E) located on the back of the device.

**WARNING**

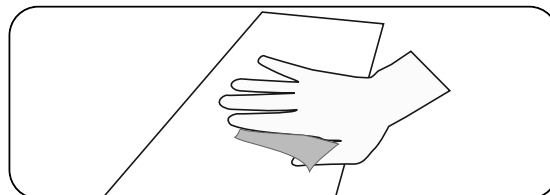

CHOKING HAZARD - Keep out of reach from children under 8 yrs. as they can choke or suffocate on parts included with this system

WARNING

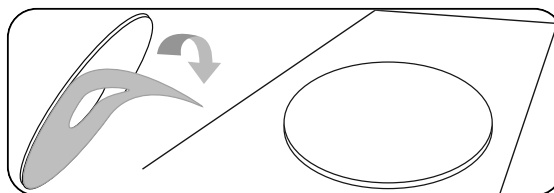

Arkon® is not responsible for any damages caused to your device or yourself due to the installation or use of this mount. Arkon® assumes no responsibility or liability for injury or death as a result of failure to install in a safe location. Arkon® is not responsible for any damages caused to vehicles, product, or people due to the installation or use of this product.

Dashboard Mounting Option

- 1** **Proper Installation of the Self-Adhesive Disk and Pedestal**
Select an appropriate location for the disk and pedestal installation. Use the alcohol pad provided to thoroughly clean the dashboard or console surface area. Allow the area to dry completely before mounting the disk.

- 2** **Applying the Adhesive Disk**
To apply the disk, peel off the paper backing and place it on a clean surface. Apply pressure firmly to the top of the disk to allow the adhesive to stick to the surface. It's important to allow the adhesive to cure for 24 hours before applying pressure to the disk.

- 3** **Mounting Instructions**
Firmly place the suction cup of the pedestal at the center of the mounting disk. Lower the securing lever to ensure a secure grip. Attach the device as shown to the left.
