The Garmin brand name and nüvi product name are trademarks or registered trademarks of Garmin International.

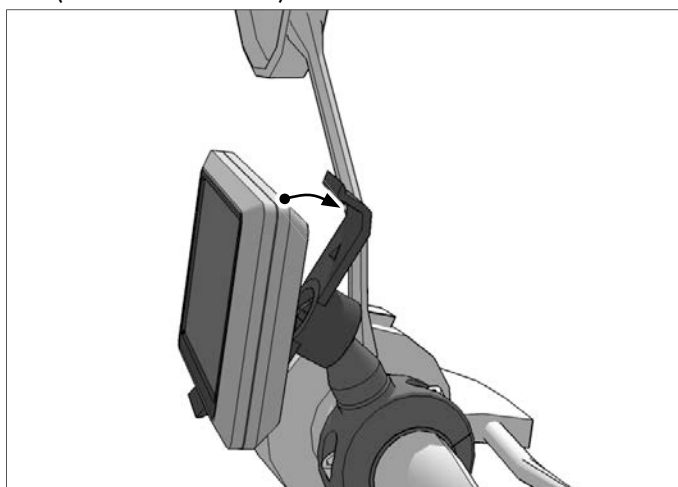

- 1 Place handlebar spacer/adaptor ring around handlebar. Attach mount to handlebar around spacer. Use the included hex key to securely tighten both mounting screws.

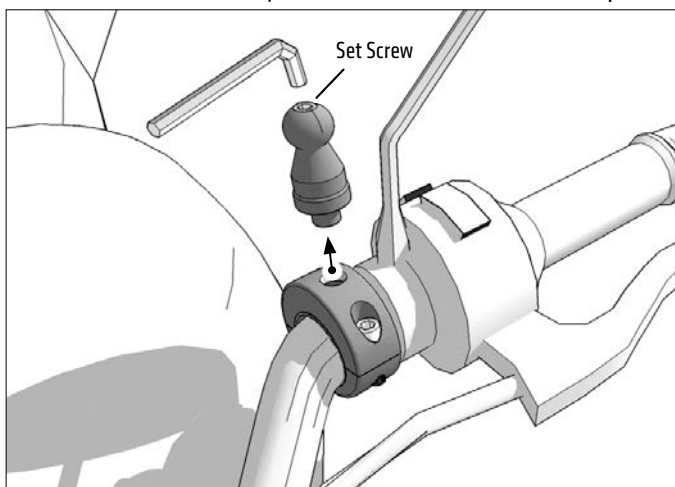

- 2 Connect Garmin nüvi mounting bracket (not included, sold separately) to the pedestal. See compatibility above.

- 3 Insert Garmin nüvi into mounting bracket (not included). (available at Arkon.com)

OPTIONAL: To remove holder without removing the handlebar attachment, use the hex key to unscrew the set screw and lift up.

Safety Precautions: Arkon is not responsible for any damages caused to your vehicle, your device, or yourself due to the installation or use of this mount.

Disclaimer for Handlebar Mounts: Improper installation or use of the mount can potentially result in serious injury or death. We strongly recommend that you closely follow the accompanying installation instructions and employ good judgment in your use of the mount. Do not allow yourself to become distracted by whatever equipment or other item that is secured by the mount when you are riding. Always wear a helmet, proper eyewear, and protective clothing when riding, and never ride when under the influence of alcohol or drugs.
