

## Included Components:

- A. 1x RoadVise® Ultra Holder with Hardware (RVKNAMPS)
- B. 1x Robust™ Series 3.75" Shaft Arm (SP-RM250)
- C. 1x Metal AMPS to 25mm Ball Adapter (APMAMPS25MM)
- D. 1x 18-inch Gooseneck Aluminum Seat Rail Pedestal (RMH08825MM)

**Important:** Clean the application surface and make sure it is free of dirt, dust, and grease before installation.

## Hardware Specifications

4x 18-8 Stainless Steel, M4.2 Screw Size 25mm Long

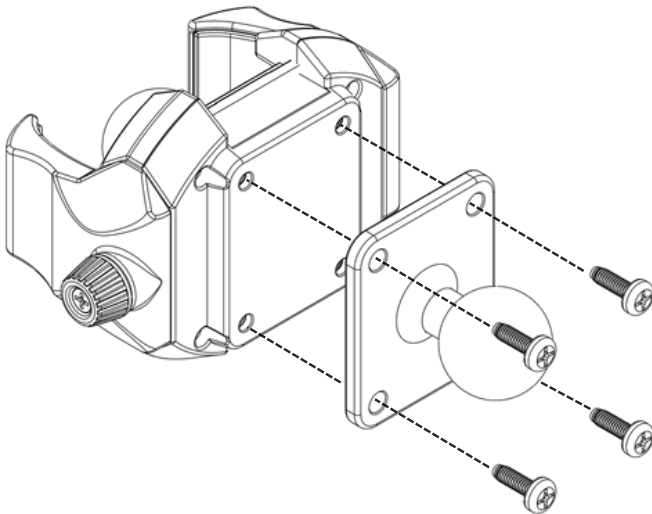

If you need a replacement part, please refer to the SKU options below:

- **Metal Conduit:** SPCONDUIT
- **Floor Bracket:** SPSRBRACKET

**Note:** Avoid over-tightening the knob as it may harm the threads on the holder and make it challenging to adjust.

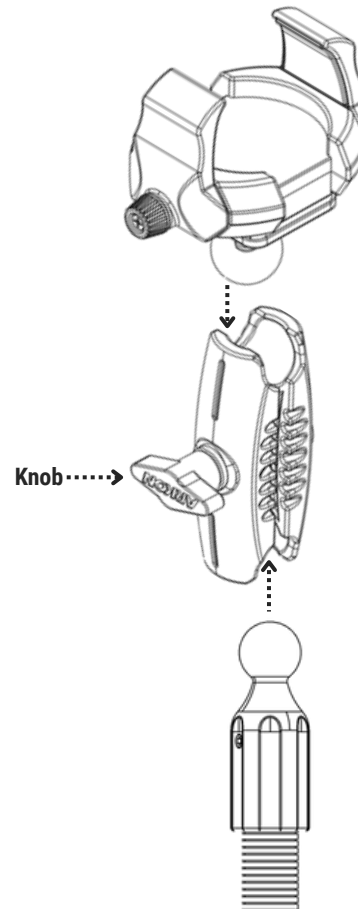

## 1 Attach the AMPS adapter to the holder

Position the AMPS adapter so that it aligns with the holes at the back of the holder. Utilize the provided screws to secure it in place within the holder.

## 2 Assemble the components

Turn the shaft arm counterclockwise to loosen it. Next, attach the 25mm ball to both ends. Finally, tighten the shaft to secure everything in place.

## WARNING

CHOKING HAZARD - Keep out of reach from children under 8 yrs. as they can choke or suffocate on parts included with this system

## WARNING

## Phone Holder Installation Steps:

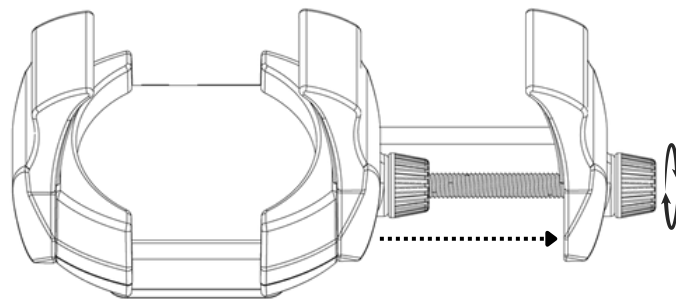

### 6 Install Paddings or Adhesive Strips

Use foam paddings for non-MagSafe chargers. For MagSafe, apply adhesive strips (a) on the sides. For newer MagSafe pucks, use adhesive pad (b) with the thin foam for better magnetic contact.

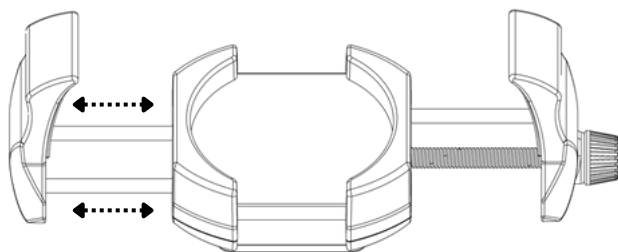

### 7 Extend the Spring-Load Mechanism

Rotate the center knob to lock the non-spring arm for larger devices. Use the adjustment knob to align your phone's magnetic surface for optimal charging contact.

### 8 Install the Device

Expand the spring-loaded arm, center your device in the holder, then release the arm to secure it firmly.
