**KNRMCPM**

Includes:

1 – Manual
1 – RoadVise® Ultra Phone and Tablet Holder (RVKNAMPS)
1 – 4-hole AMPS to 25mm Ball Adapter (APAMPS25MM)
1 – Robust™ Series 3.75 inch Composite Shaft (SP-RM250)
1 – Robust™ Clamp Mount with Security Knob (CPM01B)

Important: *Clean the application surface and make sure it is free of dirt, dust, and grease before installing the mounting hardware.*
1 **Install the RoadVise® Ultra phone holder to the 4-hole AMPS to 25mm ball adapter mount**
To begin the installation, find the packaging with the 4-hole AMPS to 25mm ball adapter plate and the RoadVise phone holder, which includes foam padding and installation hardware. Next, attach the four mounting screws by inserting them through the 4-hole AMPS to 25mm ball adapter plate and into the phone holder.

2 **Assemble the components**
Locate the clamp mount and shaft arm. Loosen the knob to allow the ball adapters to insert into the shaft arm by turning it counterclockwise. Insert the ball mounts to either end of the shaft arm and turn the knob clockwise to tighten.

3 **How to adjust the Robust™ Clamp Mount**
Turn the knob on the clamp mount counterclockwise to expand the clamp arms to your desired width. Expand the arms by gently pulling them apart. Mount to your application surface and tighten the knob clockwise to secure.
4 **Optional - Installing the foam padding if not using a MagSafe charger**
Locate the packaging that includes the foam padding with adhesive strips. Apply the adhesive strips to the back of the foam pad and insert into the phone holder cavity.
OR

5 **Adjust the RoadVise phone holder**
To extend the phone holder for larger devices, turn the center knob on the holder. This will lock the non-spring-loaded arm in a secure position to support your device.

6 **Install a device into the RoadVise phone holder**
To install your device, start by extending the spring-loaded arm. Then, position your device securely against the non-spring-loaded arm and rest it on the holder platform. Finally, release the spring-loaded arm to secure your device firmly in place.

WARNING
CHOKING HAZARD - Keep out of reach from children under 8 yrs. as they can choke or suffocate on parts included with this system
