

Package Contents:

(1) RMS0792T - Sticky Suction Windshield or Dashboard Mounting Pedestal with Dual-T Head with 90mm Adhesive Mounting Disk

Device Compatibility:

Any Dual-T compatible device or holder

DASHBOARD MOUNTING WARNING: The sticky suction pedestal should not be used on some types of dashboards. It may leave a permanent indentation on dashboard surfaces made of soft vinyl, leather, or similar materials. To prevent permanent indentation marks, use the included adhesive mounting disk when mounting on soft dashboard surfaces. Some dashboards with heavily textured or porous surfaces may require you to push down on the suction base while engaging the suction lock lever to achieve the suction required to hold the mount in place.

- 1 While firmly pressing mounting pedestal onto flat surface, engage the suction lock lever to lock into place. To adjust arm angle, loosen the adjustment knob, reposition arm, and retighten knob.

- 2 Attach any Dual T-Slot compatible device or holder (not included, sold separately) to the Dual-T adapter plate by sliding the adapter's Dual T-Tabs into the Dual T-Slots of the holder

Optional: For soft or textured surfaces, use the included mounting disk.
NOTE: Make sure surface is dry and clean prior to adhering disk.

! Safety Precautions

Do not install Arkon products over an air bag cover or within the air bag deployment zone. Arkon Resources, Inc. assumes no responsibility of liability for injury or death as a result of car crashes and / or air bag deployment.

Arkon is not responsible for any damages caused to your vehicle, your device, or yourself due to the installation or use of this mount.
