- (1) SP-RM200 – Robust Mount Shaft
- (1) APRM2T – 25mm Ball to Dual-T Head Adapter
- (1) Alcohol Pad

WARNING: Use caution and discretion when adhering RMVHB2T to your car dashboard or other surface. This disk uses 3M VHB adhesive, which is designed to be a PERMANENT solution. Use of this disk may result in permanent adherence to the selected surface. Professional strength solvents or tools may be helpful in removing the adhesive. Arkon is not responsible for any damage caused to your vehicle or other surface due to the installation of this mounting disk.

Dashboard Mounting Instructions

- 1 Choose a suitable location for mount pedestal installation. Clean the dashboard surface area thoroughly with the included alcohol pad, ensuring mounting area is clean and free of any dashboard conditioners or other treatments. Allow the area to dry completely before applying the mount.

- 2 Remove the red paper backing of the base and place on the cleaned surface. Press down firmly in order to create adhesive contact and bond strength with the surface. Allow 24 hours for the adhesive to cure to the surface before applying any pressure.

- 3 Place the loosened shaft of the 25mm pedestal onto the 25mm ball of the mounting disk and Dual-T adapter to the top of the pedestal then tighten adjustment knob.

⚠ Safety Precautions

Do not install Arkon products over an air bag cover or within the air bag deployment zone. Arkon Resources, Inc. assumes no responsibility of liability for injury or death as a result of car crashes and / or air bag deployment.

Arkon is not responsible for any damages caused to your vehicle, your device, or yourself due to the installation or use of this mount.
