1 Install the AMPS Adapter Plate onto the Phone Holder

Position the AMPS adapter plate at the back of the phone holder. Insert the four mounting screws through the AMPS 4-hole ball adapter plate and into the phone holder. Securely tighten the screws to complete the installation.

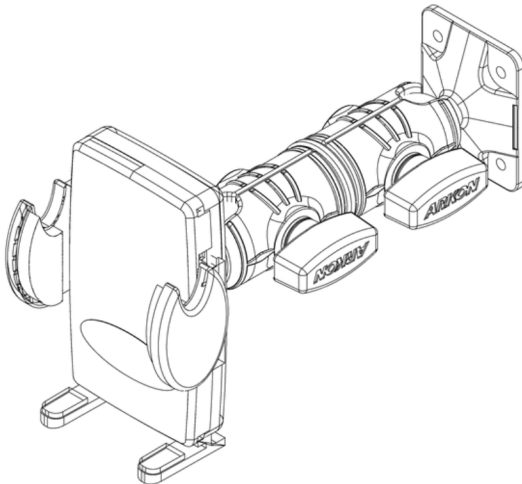

2 Assemble the components

Turn both shaft knobs counterclockwise to loosen it. Next, attach the 25mm ball adapters to both ends. Finally, tighten the shaft to secure everything in place.

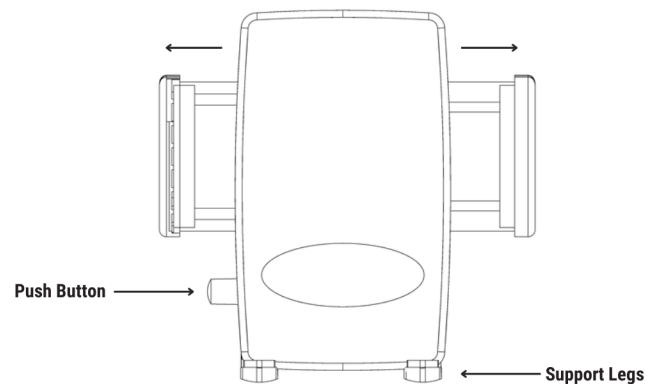

3 Fully Assembled

Refer to the image below for the full assembled product.

4 Install your device into the phone holder

Adjust the removable support legs by sliding them laterally on the top or bottom of the holder. Position the device on the support legs and push the arms in to secure it. To remove the device, press the release button.
