Mount pictured: RM0802T with 80mm suction base removed

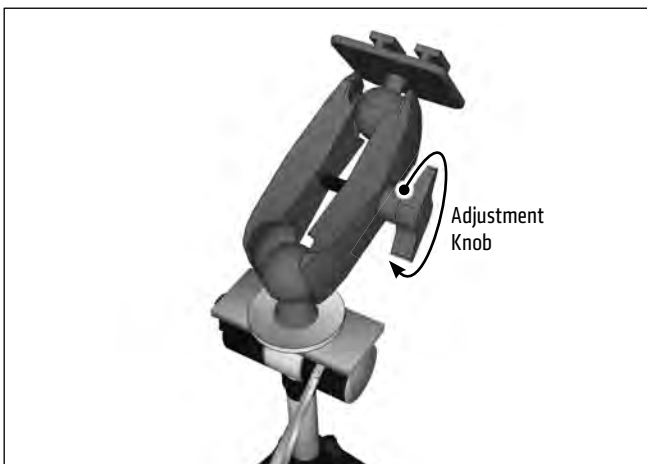

- 1** Screw the 25mm adapter ball onto the 1/4"-20 camera mounting screw of a tripod or other camera support (sold separately, not included).

- 2** Remove the base from an Arkon Robust Series or other 25mm-compatible mount (sold separately, not included) by loosening the adjustment knob to open up the pedestal.

- 3** Place the mount on the adapter ball and tighten the adjustment knob to secure.
