

Package Contents:

- GN079** – Sticky Suction Mounting Pedestal
- SP-SB-1T-B** – Single T-Tab Head for SBH
- AP012** – 2-Way Single T-Slot to 4-Hole AMPS
- SP-SB-RING** – Tightening Ring
- AP013** – 80mm Adhesive Dashboard Disk

DASHBOARD MOUNTING WARNING: THE STICKY SUCTION PEDESTAL SHOULD NOT BE USED ON SOME TYPES OF DASHBOARDS. IT MAY LEAVE A PERMANENT INDENTATION ON DASHBOARD SURFACES MADE OF SOFT VINYL, LEATHER, OR SIMILAR MATERIALS. TO PREVENT PERMANENT INDENTATION MARKS, USE THE INCLUDED ADHESIVE MOUNTING DISK WHEN MOUNTING ON SOFT DASHBOARD SURFACES.

IMPORTANT: Some dashboards with heavily textured or porous surfaces may require you to push down on the suction base while engaging the suction lock lever to achieve the suction required to hold the mount in place.

*If the sticky suction base becomes dirty or loses stickiness, rinse under warm water with mild liquid soap and let air dry.

1 Attach pedestal to dash or windshield, engage suction lock.

OPTIONAL: For use on soft vinyl or leather dashboards, use included adhesive mounting disk*.

*Let mounting disk adhesive cure for 24 hours before use.

2 Attach satellite radio cradle (sold separately, not included) to 4-Hole AMPS adapter plate with screws and insert to pedestal head.

For satellite radio cradles (sold separately, not included) without 4-Hole AMPS pattern, insert Single-T slot to pedestal head.

Safety Precautions

Do not install Arkon products over an air bag cover or within the air bag deployment zone. Arkon Resources, Inc. assumes no responsibility of liability for injury or death as a result of car crashes and / or air bag deployment.

Arkon is not responsible for any damages caused to your vehicle, your device, or yourself due to the installation or use of this mount.
