Leg selection guide

Recommended legs to use based on tablet with or without a case

- For tablets size *min 6" to max 8.25"* we recommend using 4 small legs
- For tablets size *min 6.75" to 9.12" max* we recommend using 2 small legs and 2 medium legs
- For tablets size *min 8.31" to 10.75" max* we recommend using 2 medium legs and 2 large legs
- For tablets size *min 9.12" to 11.50" max* we recommend using 4 large legs

- 1** **Installing the legs to the holder**
Locate the packaging containing the holder, legs, and stoppers. Install the support legs required based on the recommendations listed above. Slide the support legs into the holder's support leg channels.

- 2** **Install tablet to ensure proper fit**
Before installing the leg stoppers, place the tablet into the holder. To extend the legs, apply pressure downward with the tablet to engage the spring-loaded mechanism. The tablet should fit snugly into the holder with no loose movement.

- 3** **Optional - Installing the leg stoppers**
Locate the packaging containing the 4 leg stoppers. Insert the leg stoppers into the holder's leg channels.

WARNING

CHOKING HAZARD - Keep out of reach from children under 8 yrs. as they can choke or suffocate on parts included with this system.
